

SHEERWATERGLASS

RAL colour chart

Every RAL Classic colour we can paint your windows, doors and roof lanterns in. Choose a shade, note the RAL number, and our team will do the rest.

How to use this chart

SHEERWATERGLASS

Find your shade

The chart is grouped into colour families: yellows, oranges, reds, violets, blues, greens, greys, browns, then whites and blacks. Each square carries its RAL number, with the RAL name printed underneath.

Tell us the number

The number is what matters. RAL 7016 Anthracite grey and RAL 9005 Jet black are our most requested colours, but every shade here is available to order.

See it in person first

Bring the number to our Guildford showroom and we will show you a real painted sample against your frame, glass and hardware choices before you commit.

Talk to us

Our friendly Sheerwater Glass team is always happy to offer honest advice on which colours wear best on a Surrey home. If you would like to speak to a member of the team, please call 01932 344 415 or email info@sheerwaterglass.co.uk.

Please note

Printed colours are a guide only. Inks and papers cannot reproduce a painted finish exactly, and screens vary more still. Sheen level, texture and the surface it is applied to all change how a colour reads in daylight. Always confirm your choice against a physical sample.
