

# SHEERWATERGLASS

Derwent

A dark blue door with gold-colored decorative glass panels and a mail slot, set in a brick wall. The door features a central vertical panel with a diamond-shaped glass insert and two side panels with similar diamond-shaped glass inserts. The door is set in a brick wall with a concrete step leading up to it. A black metal railing and green foliage are visible on the left side of the image.

## Introduction To Doors

Offering an extensive variety of high-quality uPVC, Timber, Aluminium and Composite doors, we're confident in helping you to find that front door to match your property's character.

With over 40 years of experience supplying and fitting doors across Surrey, you can trust us to successfully create and implement your dream door. Our range of doors are attractive, robust, low-maintenance, and will significantly improve the overall appearance of your home.

### Our range of doors

We utilise the highest grade of materials with any of our doors, along with the latest product technology. In partnership with some of the leading door manufacturers in the industry, we offer a wide range of doors.

# DERWENT

## **Tailored to your home's style and character - "A door Your Home"**

A Derwent Composite Door, brings **warmth, comfort, style and security** right to your doorstep.

Using the latest in composite technology, this range of elegant, high performance doors will give your home and family all the style and protection you need with very low maintenance.

Derwent composite entrance and front doors are elegant and stylish in design and can be uniquely customised to your property and style preferences. Choose to match your favourite door and colour to handmade glass panels with a choice of bevels, coloured film and lead, sandblasting and fused tile designs.

## **Low maintenance**

A composite door is the ultimate low maintenance door, adding beauty and function.

## **Bespoke colour range**

We can make your door any colour you like!

## **Stylish glazing**

Stylish glazing options to create that lasting first impression.

## **Latest security technology**

Using the latest in locking technologies, your door will reinforce the concept of safety in your home.

## **Energy efficient**

Made with durable materials and cleverly insulated, they keep the cold out and the heat in.

## **Versatile door styles**

Derwent doors are available in traditional, modern and solid styles!

## **Money saving door**

Low maintenance and energy efficient, it will save on your bills and maintenance efforts!

# Technical Engineering of the Derwent Doors

Every Derwent Door comes complete with “**Secured by Design**” police approval and the latest in anti-drill, anti-pick, anti-snap, anti-bump locks. Secured by Design Derwent doors use the latest in locking technology to challenge even the most experienced criminals.

## Single Rebate

44mm of high density polyurethane foam with high grade LVL engineered timber inner frame, double glazed decorative units and fitted into a flush fit uPVC door system. Single Derwent doors only opens inward.

## Double Rebate

70mm of high density polyurethane foam with uPVC inner frame, triple glazed decorative units, extra insulation and security from a double rebate uPVC system.

## Multi Point Locking System

This high security system is fitted as standard to reinforce the concept of safety in your home.

## Kitemark Security Cylinder

Anti-bump, anti-drill, anti-pick and anti-snap Kitemarked cylinder lock barrels are fitted as standard.

## Winkhaus Locking System

Our new range of bar pull handles operate with a Winkhaus Lock and an escutcheon plate. Classic lever handles are also available.

## Reinforced Frame

Derwent doors are fitted into steel reinforced PVC frames for a strong secure doorset.

## High Density Core

High density core with LVL engineered timber wood offers increased sound and energy efficiency.

## Double Diamond

Double twin seal rebate for extra strength, security and insulation.

## Kitemark Glass

All glass is Kitemarked toughened glass, either double or triple glazed.

## GRP Skin

Both sides of our doors have 2mm fibreglass (GRP) skins which ensure a tough and durable finish with lifelike grain.

## Durable Construction

GRP and polyurethane foam reinforced with a sturdy skeleton that doesn't warp or deteriorate.

## Weather Deflectors

Weather deflectors are fitted to protect against the elements.

## Design Your Custom Derwent Door

For a design to work, the detail has to be just right. That's why our Derwent doors make it possible for our customers to have the colour of their choice not just on the outside, but also on the inside, the rebate, the frames and even on the weather deflectors.

**Whether it's seen from the hallway, the doorstep or across the road, your door looks perfect from every angle!**

You'll have a great choice of styles to choose from for your Derwent door. You can pick one to complement neighbouring homes, or choose one that makes your home stand out. You can set the tone for your home with the style, colour and features that really show off its character.

You will have a great collection of furniture, glazing and colour options for your door!
